## Tooele Chemical Agent Disposal Facility (TOCDF)

Located at the U.S. Army's Deseret Chemical Depot (DCD), Stockton, Utah

Class 3 Permit Modification Request:

### *“Autoclave Subpart X Treatment Unit”*

<b>What is the permit modification about?</b>	<p>Within an igloo in Area 10, TOCDF intends to install and operate an Autoclave for treating a portion of the inventory of secondary waste that has been generated throughout the demilitarization of the Deseret Chemical Depot (DCD) chemical agent stockpile.</p> <p>Secondary wastes are discarded commercially-available products (e.g., wood, plastic sheeting, butyl rubber protective equipment, and activated carbon) that have become contaminated with chemical agent while in use. Treatment of these wastes in the Autoclave will remove and destroy the chemical agent contamination, thus allowing the treated waste to be transferred to a commercial off-site hazardous waste treatment storage and disposal facility.</p> <p>The modification request includes a test plan that will be performed to demonstrate the effectiveness of the Autoclave treatment process and establish regulated operating parameters that will be specified in the TOCDF RCRA Permit.</p> <p>This permit modification request is identified as <u>TOCDF-Autoclave-03-1008</u>.</p>
<b>When is the Public Meeting?</b>	<p>A public information meeting on this permit modification request will be held at 6:00 p.m. on Wednesday, December 3, 2008 at the Tooele Chemical Stockpile Outreach Office, 54 South Main Street, Tooele, UT 84074.</p>
<b>Where can I find a copy of this permit modification request?</b>	<p>A copy of this permit modification request is available for review by the general public during regular business hours at:</p> <ul style="list-style-type: none"><li>→ <b>Tooele Chemical Stockpile Outreach Office</b>, 54 South Main St., Tooele, UT 84074</li><li>→ <b>Tooele City Library</b>, 128 W. Vine Street, Tooele, UT 84074</li><li>→ <b>Utah Division of Solid and Hazardous Waste Offices (DSHW, Dept. of Environmental Quality)</b>, 288 North 1460 West, Salt Lake City, UT 84116</li></ul>
<b>Who can I talk to about this?</b>	<p>The TOCDF point of contact is Mr. Trace Salmon at (435) 833-7428. The Permittees' (U.S. Army Chemical Materials Agency/EG&amp;G Defense Materials) compliance history during the life of the permit being modified is available from the State of Utah [contact Mr. Tom Ball of the Division of Solid and Hazardous Waste at (801) 538-6170].</p>
<b>How long is the comment period?</b>	<p>The public comment period for this permit modification request lasts a minimum of 60 days and begins Thursday, October 30, 2008 and will end Monday, December 29, 2008. Written comments regarding this permit modification request can be submitted to Mr. Dennis Downs, Director, Division of Solid and Hazardous Waste, Utah Department of Environmental Quality, 288 North 1460 West, P.O. Box 144880, Salt Lake City, UT, 84114-4880, and must be received no later than 5:00 pm, Monday, December 29, 2008.</p>

This public notice satisfies requirements of the Resource Conservation and Recovery Act and the Utah Hazardous Waste Management Rules (Utah Administrative Code R315).
